# Constraint Databases And Applications Second International Workshop On Constraint Database Systems Cdb 97 Delphi Greece January 11 12 1997 Papers Lecture Notes In Computer Science

**constraint databases: a tutorial introduction** - constraint databases: a tutorial introduction jan van den bussche limburg university, belgium 1 introduction we give a tutorial introduction to the basic de ni-  
**constraint databases, geometric elimination and geographic ...** - constraint databases, geometric elimination and geographic information systems 3 constraint database complexity and programming joos heintz (university of cantabria, e) **constraints and updates - university of waterloo** - constraints in relational databases update operations brief history of database applications (from section 1.7) 3. relational model constraints constraints •restrictions on the permitted values in a database state •derived from the rules in the miniworld that the database represents inherent model-based constraints or implicit constraints •inherent in the data model •e.g., duplicate ... **constraint databases - springer** - preface this book is the first comprehensive survey of the field of constraint databases. constraint databases are a fairly new and active area of database research. **constraint databases, geometric elimination and geographic ...** - constraint databases, geometric elimination and geographic information systems bernd bank, humboldt university max egenhofer, university of maine **constraint databases, spatial and - link.springer** - constraint databases, spatial 3 c devoted exclusively to constraint databases. chapter 6 of gting and schneider (2005), which is a sourcebook on moving object databases, **constraint databases and geographic information systems** - constraint databases and geographic information systems peter revesz department of computer science and engineering university of nebraska-lincoln, **constraint satisfaction, databases, and logic** - constraint satisfaction, databases, and logic phokion g. kolaitis\* computer science department university of california, santa cruz santa cruz, ca 95064, u.s.a **querying and visualization of moving objects using ...** - querying and visualization of moving objects using constraint databases semere woldemariam, m.s. university of nebraska, 2017 advisor: peter revesz good querying and visualization of moving objects and their trajectories is still an **constraint databases and data interpolation** - 2 constraint databases and data interpolation constraint databases and data interpolation, fig. 1 the spatial sample points for incoming (left) and filter (right) **indexing constraint databases by using a dual representation** - indexing constraint databases by using a dual representation e. bertino b. catania dipartimento di scienze dell'informazione universita` degli studi di milano **foreign key constraint identification in relational databases** - foreign key constraint identification in relational databases jan motl, pavel kordík czech technical university in prague, thákurova 9, 160 00 praha 6, czech republic, **a-maze-d: advanced maze development kit using constraint ...** - 2 b. constraint databases constraint databases (kanellakis et al. [2], revesz [3]) provide an extension of relational databases where the input data consists of constraint relations. **databases - constraints and triggers** - databases - constraints and triggers (n spadaccini 2009-2010) databases - constraints and triggers 1 / 16 . this lecture this lecture describes how to enforce constraints and execute triggers. (n spadaccini 2009-2010) databases - constraints and triggers 2 / 16. active databases working databases sql allows one to create "active" elements in a database. an active element in an expression ...
